CLEVERSTORE

Cleverstore – the new app store exclusively available for Clevertouch Plus.

We have spoken to educators and looked over best app lists to source the most useful education apps on the market. The apps are ad-free, so teachers don't need to worry about inappropriate or distracting adverts popping up and interrupting the lesson. The apps that we have chosen are age and curriculum specific, with fun games and books for children, and interactive activities for secondary pupils. **Cleverstore** allows students to experience The Very Hungry Caterpillar in Full HD, access Wikipedia without the need for a PC, and send information directly from the front-of-class **Clevertouch** to their personal devices.

CLEVERTOUCH

The **Clevertouch** Software package included with every Clevertouch.

CLEVERLYNX

CleverLynx is a true multi-touch annotation software where you can import any type of document and make notes over it. The annotation toolkit includes pen, paintbrush, highlighter and fill area. Screen capture allows you to save these annotations. An image bank and wide variety of maps are available.

New features include the **infinite desktop**, so you can extend your canvas, left and right handed **calligraphy pens** to aid handwriting lessons, and the **rainbow pen**, where each brush stroke is a different colour.

Every Clevertouch includes a five user perpetual **Cleverlynx** licence.

DisplayNote

DisplayNote lets presenters and teachers control their Clevertouch with their tablet device or phone and share content from that Clevertouch, or from their device, with multiple participants on iOS, Android or computer. DisplayNote works via the Cloud or over a wireless network. Participants can capture the presenter's content on their device, annotate, add their own notes, collaborate with the group and save everything for review.

Every Clevertouch includes **10 perpetual DisplayNote connections** and 1 year free Cloud subscription. Multi connection licences are also available.
