Speaker System SP-754QSM

High-End side mounted speaker system

High-End Quality Speaker System for NEC Large Format Displays MultiSync® C751Q, V754Q and P754Q

The side-mounted speaker system delivers superior sound quality seamlessly combined with the 75" Large Format Displays C751Q, V754Q and P754Q. The result is sound and vision excellence. The powerful audio performance makes the SP-754QSM a perfect fit for music and movie playback and also allows voice to be received with clarity anywhere in a room.

The speaker's superior sound quality extends the display capabilities making the combination ideal for video conferencing in corporate office and educational environments and perfectly adds audio support for video playback in a variety of applications such as meetings and conferencing, product presentations and at the point of sale.

SP-754QSM MOUNTED TO NEC MULTISYNC® V754Q

Delivering Genuine Benefits

- **Perfect fit design** – the unobtrusive and modern styling ensures a harmonious connection between the speaker system and the display
- **Fast and easy installation** – simply attach the speakers to the speaker bracket after mounting the display
- **Clearly audible** – the wide dispersion extends the sweet spot anywhere in the room, transmitting the spoken word with perfect clarity to the participants of web or telephone conferences and remote meetings
- **Sophisticated engineering with crisp audio** – the solid MDF cabinet effectively minimises potential resonances and interactions with the loudspeaker
- **Mission-critical 24/7 ready operation** – with reliable, industry grade components and NEC trusted performance
